

Motor-integrated drive system

# Distributed servo drive IndraDrive Mi - KSM

Motor-integrated drive system

**Distributed servo drive ■ IndraDrive Mi - KSM****Documentation****Benefits:**

- Reduction of the cabinet size by up to 70 %
- Reduction of wiring work by up to 85 %
- Machines/systems are significantly more flexible and modular

With KSM the motor-integrated drive series of IndraDrive Mi, Rexroth introduces another milestone in drive technology – electronic control system and servo motor combined in one ultra-compact unit.

This makes IndraDrive Mi the ideal solution for all applications where maximum flexibility and economic efficiency should come along with minimum space requirements.

In addition to its compact design, KSM combines the best characteristics of an IndraDrive and MSK servo motor – from the drive-integrated PLC according to IEC 61131-3 up to protection category IP65.
